## Sedili wc in legno Mdf FSC® FSC® Mdf toilet seats

I sedili Saniplast sono realizzati con un'anima in FSC® mdf, legno proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici.

*Saniplast seats are made with a core in FSC® mdf, wood from forests managed correctly and responsibly according to strict environmental, social and economic standards.*

L'anima è ricoperta da diversi strati di verniciatura e il risultato di questo processo produttivo è un articolo compatto, con colori costanti nel tempo.

Questa tipologia di prodotto rappresenta la versione più economica dei sedili Sanilux.

*Saniplast mdf seats are made with a mdf core covered by several layers of painting coat. They are the economical version of the Sanilux line. The result of this production process is a seat with a solid and colour steady in time.*

# La cerniera SSCS con sistema brevettato slow close Saniplast Patented SSCS system

Il sedile wc a discesa rallentata è la grande innovazione di questi ultimi anni per il settore dei sanitari ed è diventato un vero e proprio "must".

I sedili wc slow close con sistema SSCS utilizzano una cerniera con tecnologia brevettata Saniplast, interamente "Made in Italy", che assicura performance di alto livello. La possibilità infatti di gestire interamente il ciclo produttivo di questo prodotto, dal sedile alla cerniera, permette di raggiungere e assicurare un prodotto qualitativamente di alte prestazioni e durabilità, a differenza di prodotti simili sul mercato.

*In the last years, slow close toilet seat has represented the great innovation for the bathroom sector and has become a real "must have".*

*The slow close toilet seats with SSCS system use a hinge system with a Saniplast patented technology, entirely "Made in Italy" that ensures high level performances.*

*The possibility to entirely manage the production cycle of this product, from the seat to the hinge, allows to achieve and to ensure a quality product of high performance and durability, unlike similar products.*

Sedili wc in legno FSC®  
Toilet seats in FSC® wood

The mark of  
responsible forestry

I sedili Saniplast sono realizzati con un'anima in legno FSC® proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici.

Il Forest Stewardship Council® è un'organizzazione globale senza fini di lucro dedicata alla promozione della gestione responsabile delle foreste del mondo.

FSC® definisce standard basati su principi riconosciuti di gestione responsabile delle foreste che sono supportati da operatori attivi in campo ambientale, sociale ed economico.

Saniplast seats are made with a core in FSC® wood from forests managed correctly and responsibly according to strict environmental, social and economic standards.

The FSC® (Forest Stewardship Council) is a global, not-for-profit organization dedicated to the promotion of responsible forest management worldwide.

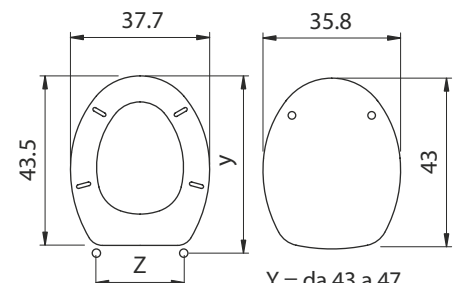

FSC® defines standards based on agreed principles for responsible forest stewardship that are supported by environmental, social and economic stakeholders.
